Brent – FYI

Do not feel obliged to attend, but you are most welcome to join. Even by phone if that helps.
For now it's on Tuesday, 2/10 at 2 PM

Attached is list of potentially needed information layers for this site that we can discuss during the meeting. Others may be developed in time. The implications for level of effort and time-line associated with any given source of data to be imported into the Viewer compatible data base is a topic John will discuss.
